

1. Tamponner la tache à l'éponge humide.

Dab the spot with a damp sponge.

**2. Absorber la colle à l'aide d'un chiffon ou d'un papier absorbant.**

Soak up the adhesive with a cloth or paper towel. Do not rub, as this will damage the covering.

Ne surtout pas frotter afin de ne pas dégrader le revêtement.
Do not rub, as this will damage the covering.

3. Renouveler autant que nécessaire afin d'éliminer complètement la colle.

Repeat as necessary until all adhesive has been completely removed
